

PROHIBITION CUTS POOR POPULATION

15 Less Inmates at County— Institution Prospering, Report Shows.

Decrease in the number of inmates at the county poor farm by 15 during the past year is laid to prohibition, according to the annual report of the trustees of the County Lumber, Asylum and Home for the Poor. The number of inmates dropped from 91 a year ago to 76 at the present time. The number in the insane asylum is 146.

The movement of population in the poor house shows 91 received during the year, 43 died and 2 were discharged. One man and one woman and one child was born. In the insane asylum 29 were received during the year, 24 died and 2 were discharged. The inmates of the institution for the feeble minded dropped, two of them later being found.

Health conditions at the institution were considered remarkable in the report which stated that although there was an epidemic of measles, it was confined to eight cases and one death. Influenza attacked the patients resulting in four deaths from pneumonia.

Cost of operating the institution during the year totaled \$54,857.70, according to the report prepared by Supr. Archie Cullen. Against this the model farm raised crops that were consumed at the institution valued at \$16,117.68, an increase of \$2,479.71 over the year previous. An experiment in fattening a carload of steers on the roughage of the farm resulted in selling them for \$5,789.96. They were bought for \$2,842.55.

Improvements amounting to \$5,411.09 were made upon the farm and farm buildings at \$4,014.42 to the cost of the institution. In bettering the farm, a cement silo was constructed, a motor truck purchased, implements bought and other improvements added, the buildings and water tower painted, cow barn No. 2 remodeled and a hog house erected. Furniture amounting to \$1,150 was added to the institution.

650 Visitors in Year.

The entire value of the county's properties at the close of the year, including the insane asylum, is placed at \$348,941.63, divided as follows: Asylum properties, \$148,248.84; barn, farm and garden properties, \$124,971.77; poorhouse properties, \$56,617.07; accounts receivable, \$22,103.64.

During the year there were 650 visitors. Services were held every Sunday, all holidays were observed, picnics, fishing trips, motion pictures and other amusements were furnished the patients.

CONGRESS TO ACT ON FARM CRISIS

(Continued from Page 1.)

go out of business. The power to regulate it is still vested in the president. Eugene Meyer, chairman of the board, is said to have differed with Secretary Houston on the matter of the extension of the board. The agricultural senators criticize Secretary Houston severely and so do some of the leaders of the farm movement. They say he is out of touch with the sentiment of the country when he says there is plenty of credit for the farmers.

Secretary Houston's Idea.

On the other hand, Mr. Houston has insisted that the process of the readjustment and recultivation of the land is a long and painful process and that all classes must put their shoulders to the wheel and bear the hardships. The federal reserve board tightened its credit early in the spring and the hope of deflating the credit situation gradually. Many industries have been adversely affected. The farmers' demand for relief has been met by the restriction of credit. Last spring's policy is just now bearing fruit. Its defenders insist that the cost of living is being reduced, that the cost of food is a direct result of the action of the federal reserve board in restricting credit.

Farmers Face Pain.

But the agriculturalists declare the process has gone too far, that it will mean ruin to the farmers and a decrease in the amount of food. The bankers in the agricultural communities are said to be practically unanimous in favor of some form of relief either through the federal reserve board or the war finance corporation. The latter organization furnished credit during the war to enterprises which were helping in the war-making machinery.

Senator Capper believes that congress may be persuaded either to pass an amendment to the federal reserve act or a resolution declaring the opinion of congress as to the extension of credits to the farmers of the country. The government has on many occasions used its machinery to relieve farmers in emergencies and the senators and representatives from agricultural states will naturally put up a stiff fight for some such action. Their political futures may be dependent upon the way they handle themselves in this crisis.

"DEAD" LETTERS ARE OPENED IN CHICAGO

Many letters are sent each year from the Janesville postoffice to the central office at Chicago after mail efforts to find the one to whom they are addressed has failed. Many peculiarly addressed letters are received, some without a street address, others with but the last name, and many addressed to people who have been dead many years or who have moved away. After advertising the letters has failed to disclose the identity of the owner the letters are sent to Chicago where they are opened and if anything valuable is found an effort is made to return it to the owner.

East Meets West at Governors' Congress

(BY ASSOCIATED PRESS.)

Harrisburg, Pa., Dec. 1.—New England clasp hands with the Pacific slope here today and the denizens of the frozen Great Lakes shore met and fraternized with the dweller of the land along the Rio Grande when two score governors and governors-elect assembled in the Pennsylvania senate chamber for their twelfth annual conference. Today's schedule called for a rigorous program of official discussion, punctuated by entertainment at the hotel for luncheon and at Governor Sproul's home for a formal dinner in the evening.

PRICES OF STEEL WIRE

PRODUCES REDUCED

Pittsburgh, Pa.—The prices of steel wire products were cut here for the first time in years when the "Pittsburgh Steel company announced a reduction of approximately 50 cents per hundred pounds.

FOUR HANDIPTS HOLD UP MISSENGERS

New York.—Four bandits held up two messengers of the Manhattan brokerage firm of Keane, Taylor and company in Brooklyn, and a police force said to contain \$167,000 in liberty bonds, fired a fusillade of shots and escaped in an automobile.

Cooperative Tailors
Cut Price of Clothes

(BY ASSOCIATED PRESS.)

St. Louis, Mo., Dec. 1.—Two cooperative tailor shops will be opened here within the next week under the direction of the Merchant Tailors' and socialists. The shops are expected to result in a material reduction in clothing prices, according to Samuel L. Fox, president of the association. The work to be done in these shops at present performed by "contractors" who make up suits after they have been cut out by the merchant tailors. The elimination of the contractors coupled with the cut permitted on account of the drop in the price of wool, will be important factors in effecting a reduction of \$10 to \$15 in the cost of a suit now selling from \$50 to \$75, Fox said.

Voice of the People

Editor, Gazette:

Edward Nordman, director of the Division of Markets, is quoted in an article in a recent interview as saying "that the period of financial depression is ahead of the Wisconsin farmers" and further says that bills will be presented to the coming legislature covering the future of the farmer. The looking toward the future of the farmer has been in the farming game and has seen the ups and downs of low prices for the producers. So far I cannot see what the legislature can do for the ones most affected, the producers.

It would seem that a get-together spirit between producers and the consumer would help to some extent, for certainly the difference in prices between the producer and the consumer is too great and certain localities are too far apart to make suitable prices available. We are all willing to have the business man in whatever line he happens to be engaged in, making a fair profit (and that he must make if he is to continue in business) still when the time is on the verge of parting then the middleman is open to just criticism.

A case in point will illustrate the writer's criticism. Monday the top price for hogs in the local market was 10 cents per hundredweight. This I know personally. Still when the writer bought pork from one of our local markets he was asked to pay 35 cents per pound and side pork was quoted at 25 cents per pound. I am not a butcher so cannot give an opinion on the prices that our local butchers are charging, but it would seem that it was time for war prices on meats as well as other articles should be taken into consideration for meats and all products that the farmer has to sell. Bread in the local market has declined in price from 10 cents to 8 cents. We are asked to pay more than cities around us and to read prices quoted in daily papers which is from 25 to 50 per cent cheaper on a higher price than we are asked to pay to the consumer.

It will not answer to claim that the articles advertised are below the local prices for inferior goods, for cities like Janesville and Madison are for and get the best on the market. A comparison of the prices published daily compared with local prices seems to the writer to show too much difference to the local consumer.

The farmers are fortunate in being able to dispose of much of their products through an organization owned and operated by them and to some extent purchase certain kinds of supplies at a lower price. The writer knows of cooperative business houses which deal in everything the consumer uses which are successful and are a great saving to the consumer. Over 3

STATE ASKS TRIAL OF RYAN AT ONCE

Dunwiddie Makes Move for Early Action in Sleis Assault Case.

Demands that D. Frank Ryan be brought to a speedy trial on the assault charge were made today by District Attorney George G. Dunwiddie before Circuit Court Judge George Grimm. Affidavits were presented by the district attorney for the defendant to allow products of William J. Cronin, the missing witness, go to trial, obtain his deposition, or continue the case to the March term of court.

It was held by the district attorney that Cronin was a close friend of the defendant and had been associated with him for more than a month after the alleged assault upon Patrolman Patrick Sleis.

"I do not believe the allowing of the trial of Ryan to continue from time to time is justice," said the district attorney. "It is a serious matter. I desire speedy trial and cannot see where the defense has made any great efforts to locate Cronin. He is known to have been in the west. He was in Los Angeles recently."

Attorney Edward H. Ryan, attorney for the defense, filed affidavits that Cronin had trouble with his father, Lawrence J. Cronin, and was discharged and told to leave home. Judge Grimm will report after reviewing the affidavits, making a decision tomorrow morning.

C. OF C. ABANDONS PUBLICATION OF MONTHLY PAPER

Decision to discontinue "Forward Janesville," for the past six months the official publication of the Chamber of Commerce and the Retail Merchants' association, was taken Tuesday afternoon at a meeting of a group of members of the retail body. Those members of the organization who were not present at the meeting were to be seen today by Louis Shea, assistant manager of the chamber and asked to approve the decision.

The decision was made at a period. It was brought out that the merchants do not feel the publication is an adequate advertising medium for the chamber and that it does not fill the needs of the Chamber of Commerce as a publicity medium; and that it is not holding its own financially.

The chamber is now planning to publish a monthly paper, which will be distributed to its members. It was brought out that the merchants do not feel the publication is an adequate advertising medium for the chamber and that it does not fill the needs of the Chamber of Commerce as a publicity medium; and that it is not holding its own financially.

Mrs. Harding Will Make Ideal "First Lady," Say Those Who Know Her

The photographs show Mrs. Harding in characteristic poses. The one on top shows her alighting from an engine in which she and her husband rode from one town to another during his campaign. At the right is a formal picture of Mrs. Harding, showing her as she will look at White House receptions. The other pictures are snapshots taken recently.

Warren K. Harding, wife of the president-elect, has the reputation of being a "real woman." Her friends, most of whom know her as Florence, say she is well fitted for the duties of a president's wife because "she has a mind of her own, generally manages to get what she wants, is thoroughly democratic, likes to give and to be given to, is interested in a hundred and one things, knows how to talk to everyone, including men, and once she knows you, always knows you."

Many residents of Marion, Mrs. Harding's home town, say that she has contributed in important ways to Mr. Harding's success in life. As

Florence K. Harding, then as now newspaper publisher, on July 6, 1921, for more than 12 years, until illness prevented. Mrs. Harding was circulation manager of her husband's newspaper.

In addition she was the registration manager for complaints, advertising manager and angel to the newboys. Mrs. Harding attended public schools and high school in Marion, Ohio, and later studied music at the Cincinnati Conservatory of Music.

As a little girl she was spoken of as "comboy" or "jolly." This real American girl has grown into a real American woman of dignity, poise and pleasing personality. Her taste in dress is based on the best traditions of this country and although she is always well and becomingly dressed, she has never had a French maid or a beauty doctor to aid her in her toilettes. She usually wears the dignified and refined, functional, for less stately occasions she wears gowns of round length and always with modest décolletage and usually with half-length sleeves.

The story of the Hardings shows how the fifty-fifty policy has worked out successfully. Old Amos Kling, a well-known banker in Marion, Mrs. Harding's father, did not approve of her marriage. He did not think young Harding was good enough for his daughter and he did not think the young newspaper man would succeed, but Florence Harding thought otherwise.

She set to work to win her husband with an earnestness and determination which was heroic in itself. Instead of the comforts and luxuries which her father might have given her she took her place beside her husband in the tiny newspaper office and while he devoted himself to the editorial side, she organized the circulation department. She hired the newboys and kept them on their toes all the time.

Slowly the Harding couple forged ahead but still the older Kling was not reconciled to the choice of his daughter. He lived to see Warren Harding elected lieutenant governor and then United States senator and finally did become reconciled to the marriage. For Warren Harding had "made good."

The Hardings are known as generous and kindly people whose success has not gone to their heads, whose hearts are still with their friends and neighbors and whose lives have been a heroic struggle against odds of every kind but who in typical fashion have won out.

More money was paid under the provisions of the inheritance tax during November in Rock county than for any year previous to 1930, according to figures announced in the probate court this morning.

The total tax receipts this year have been \$73,000, which \$42,305 was obtained by estates settled and the tax paid from three estates, that of Allen P. Lovejoy, the tax on which amounted to \$13,000; the estate of O. V. Cooper, which was taxed for \$13,372; and Clara P. Britton, of Beloit, for \$13,102.10.

The tax is pre-paid to the state and county, the county receiving seven per cent.

WARM LUNCHES FOR COUNTRY YOUNGSTERS.
Warm lunches are being furnished in many of the county school districts by enterprising teachers who raise funds for the support of the work by box-socials and community meetings. Many times kind hearted farmers contribute fowls, meats or vegetables toward giving the young farm children a hot dish or two during the noon recess.

Miss Ethel M. Davis raised money for this work in the school district number 1 for Avon and Spring Valley. Mrs. L. D. Haney also raised funds by such a meeting for district five in the town of Union.

TRUCK TIPS OVER.
While engaged in unloading sand in the fill near the river on Mc Key Blvd., a heavy truck owned by the Janesville Sand and Gravel company tipped over yesterday. Neither the driver or workmen were injured.

BOILER THAT KILLED 5 WAS BUILT HERE

Made by Ambrose 16 Years Ago
—Was Used at Bicknell Plant.

(By Associated Press.)
Madison, Dec. 1.—Insufficient proof that violation of boiler regulations of the industrial commission caused the explosion at the Stoughton Manufacturing company, which killed 5 persons, last Wednesday, was given yesterday afternoon by the coroner's jury in clearing company officials from direct responsibility for the deaths. The jury found that the explosion was caused by the boiler which had been built here.

Testimony at the inquest held at Stoughton to discover the cause for the explosion of the boiler of the Stoughton Manufacturing company which killed five and injured four showed that the boiler was 15 years old and was manufactured by F. O. Ambrose, Janesville, a manufacturer of boilers for 40 years. He testified that he had lost it in use at the Bicknell Manufacturing and Supply company, Janesville, two years ago. At A. E. Bicknell, the state industrial commission charged at the inquest that the Stoughton Manufacturing company violated the industrial code. He testified that the chief cause for the explosion was the collapse and rupturing of the internal stay, manager of the plant who was operating the boiler at the time said that the boiler on the day it exploded was being used for heating purposes for the first time and heretofore had only been used for steam power. J. M. Bailey, head of the Stoughton Manufacturing company which is controlled by the Chicago Milk Producers Co-operative Marketing company, testified that the boiler had been at the plant at least 15 years. He said that it was bought from a local company in July, 1905, before purchased it was tested by Mr. Bailey and that the Chicago concern will not try to dodge the responsibility for the explosion and the interests of the company will be handled by Ex-Gov. Denen of Illinois or his law partner.

HEAVY SHIPMENTS OF COAL ARRIVE; 108 CARS IN WEEK

One hundred eight carloads of coal for Janesville dealers arrived during the past week over the lines of both railroads. According to reports just given out, this is a total of 4,520 tons, the largest amount to reach here in more than two months. It was divided 74 carloads of bituminous, 3,320 tons, and 34 of anthracite, 1,200 tons. Thirty-eight cars of coal and 21 cars of soft coal were received over the Chicago, Milwaukee & St. Paul railroad; 36 cars of soft and 10 cars of hard over the Chicago & North Western railroad, according to information received at each freight office. Other freight on the Northwestern held at about the same rate for the past two weeks. First shipment here over the Northwestern of wool and also of hay came during the week with one car of the former and two of the latter. One car of lumber arrived and three of steel, the latter for the Samson Tractor company. There was one of pipe. In carloads there were four carloads of apples; one of meat; one of fruit and vegetables; one of potatoes and one of peas. Other arrivals were two cars of beans; one of buckwheat; one of cattle and three of autos.

Editors and business managers of 32 student publications from the University of Wisconsin, Marquette, Carroll, Beloit, Milton, Ripon, Lawrence, St. Mary's Milwaukee Downer, Campion, Northland and St. Mary's will attend the convention. Last year it was held at Madison, and was the initial convention of the organization.

TOWN TOPICS

"When we were in dire need of cars and customers were calling for sand and gravel, we were unable to get them and lost as many sales as we made. It cut the production of our pits to a low point. Now, when the market for aggregates is about even, we have been able to get all the cars we want. Monday we had cars at all four plants, and we had more than the cars were used to ship coal in the summer, and I suppose we will have to ship sand and gravel in the summer," said Fred Ehrlich, secretary of the Janesville Sand and Gravel company, to the Gazette.

CLASSIFIED AD MANAGERS CONFER IN MILWAUKEE

Keep your classified columns free from objectionable and false advertising and you will be giving your advertisers the greatest service. The classified ad managers of the Milwaukee Better Business Bureau, in a speech before the classified ad managers of the Wisconsin daily newspapers at Milwaukee yesterday, Mr. Morris told of the different kinds of false advertising being sent to the papers and spoke of how to combat this evil and eliminate all objectionable ads. L. J. Broughner, classified advertising manager of The Chicago Daily News, gave a brief address on building up of classified pages and the use of classified matter of The Milwaukee Journal, spoke on the building of classifieds and told of the great possibilities of the classified ads. E. B. Fruit, Rockford Republic, told of how she built the third paper in Rockford until it carried about 12 columns each day. The Janesville Daily Gazette has more than tripled its classified in less than one year was used by the publishers and managers present. J. F. McCue, classified manager of the Gazette, was in attendance. The meeting was held under the auspices of the Association of Newspaper Advertising Managers. Several papers of the Wisconsin Daily League were represented.

COUNTY ARTERIES BEAR BIG SHARE OF STATE TRAFFIC

Tabulations made in different sections of the state show an increase of 50 per cent of the Wisconsin high autos traveling on the state highways. The census shows that outside of the Milwaukee county roads, the heaviest traffic on the Wisconsin highways is on highway 15 northward from Kenosha up the Fox river valley, through Fond du Lac to Green Bay on highway 17 northward. Regular meeting of Edgerton Chapter, R. and A. O. U. M. W. was held at the home of Mrs. James Ogden Thursday afternoon.

CONNORS FOUND GUILTY ON ONE COUNT

(Continued from page 1.)
The boy and then when Connors returned after going around the block and at no time did he attempt to stop. Henry Kline another eyewitness testified. He also substantiated the evidence of Dodge that the defendant did not attempt to stop either time he drove on High street between Milwaukee and Dodge streets. Mrs. Kline remembered the car was going slow before the accident and "at a fast speed" on its return. Evidence of Detective S. S. Solle was also given. He testified that Connors while driving a truck for him was a "careful and considerate driver" and that he never received any complaints regarding Connors' ability. Robert Johnson gave evidence for the defense and then Connors took the stand. He explained his failure to stop in the following words, "I was nervous and highly excited and could not control myself." There was no denial of the fact he did not stop either directly after the accident as the child was unconscious in the street or on his return down the street and a crowd of people had gathered around at the scene. Connors on Stand. It was the first time he had ever driven the truck and according to the statements made on the witness stand, Fred Bemis, garage owner, and owner of the machine east end him to take the truck and it was on his return the accident happened. The jury trying the case was composed of the following men: Benson, L. L. Patterson, E. A. Lutkin, D. P. Marquette, George Ackley, Richard Saxby, J. R. Jones, Dressler, Ever Jacobson, J. R. Jones, Holmes, Silber Plunger and Elmer Ross.

Children Left Destitute When Parents Imprisoned

(Special to the Gazette.)
LaCrosse.—With the sentencing to life imprisonment of John Beier for the murder of Nick Biesen and the commitment of Mrs. Helen Biesen to Waupun for two years for a statutory offense, which Beier was charged with, LaCrosse county authorities are confronted by a problem in the disposition of the five children of Mrs. Biesen. Gertrude, the oldest, aged 14, is employed by a farm girl and boy are being cared for temporarily by their youngest children are at the home of another relative. All of the children will be taken before Judge Brindley, who will try to make arrangements for permanent homes for them.

War Spirit of Japan Discredited by Missionary

(Special to the Gazette.)
Eau Claire.—There is little sentiment of hostility toward the United States or its people in Japan according to Father William Soskice, who has just returned to this country after 12 years as a Catholic missionary in Japan. The war spirit over which some people in this country seem to be so alarmed exists among very few of the Japanese, according to Father Soskice.

Blaine Urges State Right to Regulate Rail Rates

(Special to the Gazette.)
Madison, Dec. 1.—Restoration of state powers to regulate railroad rates recently taken away by federal legislation, was called essential to improve the market conditions and speedy movement of crops to cities, in an address by John J. Blaine, governor-elect of Wisconsin, here last night. Blaine said that the federal act cannot be obtained to move them, and there is doubt as to the state's right to order service in view of control given to the interstate commerce commission. He held that congress should act at once to restore state powers, and not allow the act to be drawn through a long legal controversy.

SHIPBUILDERS DENY CHARGE OF BRIDE IN OBTAINING SECURITY

(By Associated Press.)
New York, Dec. 1.—John Cranor, president of the Downey Shipbuilding corporation, today denied allegations of Tucker K. Sands, former Washington banker, who is investigating shipping board affairs, that he knew anything of a division of a \$40,000 in connection with the name of R. W. Bolling, brother-in-law of President Wilson, had been obtained in any arrangement with Sands whereby Bolling or Lester Slater, secretary of the board, were to assist in securing a contract for the Downey company or the Providence Engineering corporation, a subsidiary. Cranor testified that while he was in Washington he was in contact with the financial manager of the corporation, and that he learned that the financial manager of the corporation was "not satisfactory." Cranor testified that while he was in Washington to arrange a credit for the Providence company, he was in contact with the financial manager of the corporation, and that he learned that the financial manager of the corporation was "not satisfactory." Cranor testified that while he was in Washington to arrange a credit for the Providence company, he was in contact with the financial manager of the corporation, and that he learned that the financial manager of the corporation was "not satisfactory."

Former Town Line Man Dies at Los Angeles

Town Line.—John G. Potter, former resident of this community, was found dead in the office of the Chicago Pneumatic Tool Co., at Los Angeles, Calif. Death was due to heart disease. His wife was formerly Miss Virginia Scott. She was born in Town Line and lived here until 19 years of age when she went to California. Mr. Potter is survived by his wife and four children, three of whom were by a former marriage.

STATE CIVIL SERVICE EXTENSION SOUGHT

Madison.—Extension of civil service to employees in the banking commission, the governor's office, and the supreme court will be asked of the legislature by the Civil Service commission, according to John A. Hazelwood, secretary. When these employees have been added, the class of service will have been extended to every state department. The classified service has come gradually to include almost all employees of the state, Mr. Hazelwood said. Most department heads who have authority to appoint one stenographer have come to the commission to have this appointive position filled. It was said.

PENSIONS FOR STATE EMPLOYEES LONG IN SERVICE REQUESTED

(By Associated Press.)
Madison.—Pensions for late employees who have served the state for a long period of time, will be asked of the legislature by a committee headed by Charles McCarthy, head of the legislative library. There is at present no method of compensating those who have been in the state employ until they have passed the age when they are efficient. The purpose of the legislation would be to provide state aid and to open the means by which older men could be replaced by younger and more efficient workers without causing hardship. It is thought that a liberal pension system would do much to promote civil service.

The committee working on the proposed legislation is made up of Dr. Charles McCarthy, chairman; Justice Marvin E. Rosenberry of the supreme court; Wisconsin; Platt Whitman, insurance commissioner; J. B. Borden, assistant secretary of the board of education; E. E. Witte, secretary of the industrial commission; Miss Maud Neppard of the board of control; Miss Caroline Kunkin of the tax commission; E. A. Klockner, secretary of the board of public affairs, and John A. Hazelwood, secretary of the civil service commission. Each member of the committee has been assigned a particular aspect of the pension question to study, and their findings will be incorporated in a bill after they have been correlated.

Hohenzollern Family Estate Subject of Debate

Berlin, Dec. 1.—Disorderly scenes occurred in the Prussian assembly Tuesday following a debate on a motion presented by the majority, asking the Hohenzollern family to the Prussian state and would assign a suitable income to members of the former royal family. The motion was suspended. Herr Zellmann, a socialist, who introduced the motion, argued that for exiles of the monarchy, the Hohenzollerns, former enemies of Germany would "claim another billion in reparations." He insisted there was danger to the peace of Europe if the Hohenzollern family, the "incubators of the German throne," were to pursue their pretensions to the German throne.

VARIETY IN DIAMONDS

Each of the five mines owned and worked by the great De Beers Company in the Kimberley district produces diamonds with well marked characteristics. The Kimberley mine yields a good percentage of white and many yellow stones. Dutoitspan mine is famed for its large yellow diamonds. At Bultfontein small white and spotted stones are common. From the Vesselton mine come many beautiful deep orange-colored diamonds, while the De Beers mine shows a good percentage of tinted yellow and brown stones. The Premier mine (Transvaal) yields a large number of "off-colored" stones. The Rand mine is famous for its exceptional purity. From the Jagersfontein mine in the Orange Free State the famous bluish-white stones are derived. The most common diamonds in South Africa are small and yellowish in color.

News Notes From Movieland BY DAISY DEAN

Little Dicky Hedrick can have our vote every day in the week for being the handsomest motion picture actor in the business. Wallace Reid, Eugene O'Brien, Walsh and even Charles Ray will have to take second place when Dicky is about. Master Hedrick is a new recruit on the screen. He has a part in Earle Williams' current release, "Diamonds Adrift."

Little Dicky and Mr. Williams have become great pals and spend much of the time between scenes playing together. Often when not playing in real life or for the camera, Dicky may be found sound asleep on Mr. Williams' shoulder or on Chester Bennett's, who is the director of Mr. Williams' company.

Jane Acheron, a niece of the justly famous Gertie, makes her screen debut in her aunt's most recent contribution to the silver sheet, "No-Blesse Oblige." Incidentally, this is the first story Gertie Acheron has written directly for the screen.

WHERE IS—

The girl who used to rave about Francis X. Bushman? The P. A. who used to discover the great jewel robberies? The playboy with the last scene showing the American flag waving over the palace at Berlin? The picture that isn't described as an "extra-super-special"? The woman who likes the Mack Sennett bathing girls? Anyone who enjoys dual role dramas?

JACK PICKFORD MAY DIRECT FOR NEILAN

Jack Pickford, with his mother, returned to the coast last week after the close of the last chapter in the tragic ending of his wife, Olive.

Earle Williams and Little Dicky Hedrick.

Thomas, Mr. Pickford's plans for his own company will not be launched until the first of the year, and he confessed that he might follow Marshall Neilan's suggestion that he fill in his leisure time by turning director and holding the megaphone on a Neilan picture, perhaps "Pardner," with Wesley Barry. "This would

be a coincidence since not many years ago Mr. Pickford says, Famous Players-Lasky almost brought "Pardner" for him, but the plan was dropped because he was considered a bit too grownup for it.

HIS MEAL TICKET
Speaking of Charles Chaplin and contracts in the good old days when a meal meant nothing in his young life, he was pleased to work for a paltry thousand a week or so. At the time that his first thousand dollars was offered to him he stuck out for a thousand and twenty-five dollars. "75c?" said the motion picture financier, "over a small amount, what difference on earth does \$25 make to you?" "I need that to live on," said Chaplin.

GOSSIP
Constance Talmadge is said to be engaged to a Philadelphia youth. Sydney Chaplin is reported as ill with pneumonia in California.

High Cost of New School Ordered Investigated

(SPECIAL TO THE GAZETTE.)
Milwaukee.—Investigation of the expenditures made in erecting the new Allis High School, which was estimated at \$400,000 but which it is said has already cost nearly \$1,000,000 was ordered by the common council here recently, but the move was voted by the mayor and the aldermen failed to override the veto. The new school building, it is said, has cost more than \$1,000,000 and many other "novelties."

"For Sale" Houses Are Appropriated as Homes

London.—Scarcity of houses in the East Ham district has led the local branch of the national union of ex-service men to take "direct action" in regard to empty houses which are marked "to be sold." They have taken possession of one of these houses without consent of the owners and two ex-service men and their families are now installed in it. The seizure was made in conjunction with the People's Protection League and the East Ham Trades Council. "All houses marked 'to be sold' shall be considered 'marked to let,'" said the secretary of the former service men's union. "There is no fear of eviction because the applicants are willing to pay the rent, and further, in the event of any action by the owners in court, or out of court, we should have the support of the East Ham Labor Council. This is the third house we have taken and we shall continue to take such houses until there is not one left."

Boosting Plan Aids Economical Interests

(SPECIAL TO THE GAZETTE.)
Oconomowoc.—The "Boost, Oconomowoc and Oconomowoc Products" campaign just completed here, resulted in a general betterment of relations between manufacturer and consumer. Manufacturing plants were inspected and essays were written concerning them, the best essay being printed in the local paper. "Boosts" were given by the manufacturer. A slogan contest was also conducted. The best slogan is to be selected by Mayor Welch.

Ford

THE UNIVERSAL CAR

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For, "because it is a Ford" means dependability, ease of operation in traffic, ability to park in small spaces—and it means quick, sure transportation.

And "because it is a Ford" means pride of ownership, good taste and genuine Common Sense.

A Ford gives all that any car can give—plus real utility, minus extravagance.

The demand for Ford Cars of all types is greater this fall than ever before; yet, due to tremendously increased production it is possible to secure reasonably prompt delivery—if you act at once.

Tomahawk—E. Meyer, Jersey City, was shot in the right shoulder by his brother while the two were hunting in this city. Although the wound is severe, he will recover.

SAINTS DEPART AND JOIN MAJOR TEAMS

St. Paul, Minn.—Many new faces will be in evidence when the St. Paul Saints depart for the American association ball club, winners of this year's championship, takes the field next spring. Five members of this year's club have already been dispensed of, three going to major league clubs and two to the Southern association.

Manager Fargrave, Pitcher Coumbe and Infielder Rapp have gone to the majors and Pitchers Griner and Brown have been sold to the Cincinnati club. Coumbe was sold to the Cincinnati club before the close of the association season, after the local club had the championship season.

Rapp was sold to the St. Paul club as part of this amount.

Announcement has been made by Manager John McGraw of the New York Nationals that the addition of Rapp to his club will give him the best infield he has had since now.

Frisch, last year's flash in the Nationals, will be sent to second base and Rapp will play third, according to the announcement.

The local pitching staff is almost depleted. Hall, Merritt, Williams and Foster are the remaining pitchers. Of these four, Hall and Merritt were the only dependable starters during the season. Foster, who joined the club late in the season, showed to advantage in the few times he pitched.

The hard hitting outfield is still intact, and it is not expected that the infield will be changed, with two exceptions of the base. A new catcher and several pitchers will be needed, however.

while you sleep"

You are bilious, constipated, head-achy, full of cold, unstrung. Your meals don't fit—breath is bad, skin sallow. Take one or two Cascarets tonight for your liver and bowels and wake up clear, rosy and cheerful. No grunting—an inconvenience. Children love Cascarets too. 10, 25, 50 cents.

ORFORDVILLE

Orfordville—The quarterly conference of the Methodist church which was to have been held at the Plymouth church Monday evening was postponed till some later date, on account of the weather. The damp weather of the last few days has gotten tobacco in excellent case and farmers are busy taking down the crop and studding it. Will Benson, Evansville, was in the village Sunday visiting friends. John Rostad, Beloit, visited Sunday at the homes of his brothers, William and Norman, in Orfordville. There was a good attendance and an excellent time is reported at the meeting on the Woman's Foreign Missionary society which was held at the church Wednesday afternoon. They were entertained by Mrs. H. Cleveland and Mrs. B. L. Taylor. Mrs. Verna Millard and her mother, Mrs. James Mowse, spent Tuesday in Brookfield. Five more cars of elders arrived for the parking ground Tuesday. This will make 20 cars that have been spread on the tract of land. Posts, five feet apart, have been set to separate the tract from the railroad track. Rev. J. K. Stanton spent Monday with his parishoners in Plymouth.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children. (Adv.)

Rock County Farmers Incorporate New Products Company for Marketing

Incorporation of the Rock county farm products company is expected on December 17. The drive for new members and the sale of stock is successful in the campaign next Tuesday and Wednesday. More than one half of the 500 stockholders have been secured and prospects that the farm products company will have a thousand members are exceedingly bright.

Attorney M. O. Moutt has the articles of incorporation and it is planned to hold the election of the board of directors on the 17th and proceed with organization plans.

Wholesale Farm Work
The Farm Products company is explained to be an organization of farmers for doing business affecting the general farmer in a wholesale manner. It is designed to take care of all of the purchasing duties now assumed by the county agent and bring them under a committee of the proposed company.

The new association will concern itself mostly with the handling of three important farm items—seed, fruit, feed and fertilizer. Explanation was made that except in limited places city dealers and if the products upon of farmers accomplished what they were after—fair profits to the farmer—then both city and county would benefit.

Buy From Farmers.
Proposals are made to buy big lots of farm material direct from the farm or other farm organizations and deliver direct to stock county farmers thereby eliminating any middleman and excess profit. Superior products are expected to result. If the Rock county farmers desire a certain amount of alfalfa seed the total orders of all the farmers here will be pooled. A seed expert or committee of farmers versed on the matter will be detailed to purchase this seed in one lot after making an inspection. The seed would then be brought to a warehouse to be leased in Janesville, cleaned up and prepared for distribution in the amount as ordered. This also applies to clover and soy bean seeds, of which large amounts are certain to be desired by farmers here.

Through the purchasing committee of the new company the pool buying of fruit will be taken entirely off the hands of the county agent. This distribution of apples and peaches by the county agent, R. T. Glasco, was recently raised as an issue by the city elite as encroaching upon the retailer's business. It is expected carload lots of fruit will be bought, shipped to Janesville and then trucked out to distributing points, such as township centers.

Lease Mill Output.
In the matter of mill feed it is planned to lease the entire output of a mill and distribute it to the farm members cutting off a material amount of the costs which pile from the time the feed leaves the mill until sold to the farmer. Fertilizers will be kept in the proposed warehouse and as in the other farm material, will be bought in big contract lots.

Stock \$50 Share.
Four machines for crushing limestone will be established at various points where limestone is available enabling the farmers to get cheap fertilizer. The new company will have a capitalization of \$50,000 and the money will be raised by the sale of 500 shares of stock at \$50 a share. Interest is to be paid at 6 per cent on the stock.

"I cannot see where the city dealer has much complaint or grievance over the proposed company," said R. T. Glasco. "It is simply based on the fact that prosperity to the farmer means prosperity to the merchant in Janesville. That is the view which should be taken. If the farmer has \$1,000 to invest where he only had \$100 before the merchant is largely the one to benefit."

MARKET INSPECTION AFFORDS PROTECTION FOR SHIPPERS

Market inspection of fruits and vegetables by representatives of the Bureau of Agriculture is now available in 25 important market centers, and in addition about 150 smaller markets tributary to these have been designated as inspection points. The purpose of this service is to provide a well-trained and neutral inspector who can certify the quality and condition of various perishables upon their arrival in the market. Such certificates are received in the federal courts as prima facie evidence of quality and condition at the time of arrival in the market.

The value of the service has been to bring about a settlement of claims against railroads and as a basis of arbitration where dissatisfaction arises between shipper and receiver. It protects the shipper who is trading at long distances from unscrupulous dealers, and it also furnishes a protection to honest dealers against the possibility of being considered unscrupulous.

These inspections are made on request and there is a nominal charge of \$4 a car for the service.

Killed When Bucket Falls Off Big Derrick

(By Gazette Correspondent.)
Oconto.—Henry Logan, who formerly was proprietor of the Lynes grocery store on East Chicago street, was instantly killed at Keneshaw, when a large bucket which was operated by a derrick slipped from the hook and fell on his head, crushing his skull. The body was sent to the man's home at Hartford, Wis. He is survived by his wife and five children.

(By Gazette Correspondent.)
Utters Corner.—Four celebrations marked the family reunion held at the home of Mr. and Mrs. George Roe on Thursday. Attending were Mr. and Mrs. Frank Krueger, Walter, August Krueger and family, Milton, Mr. and Mrs. George Rogers, Janesville. It was the wedding anniversary of Mr. and Mrs. Frank Krueger and Mr. and Mrs. George Rogers and two of the persons present had birthdays.

Buy Drinking Fountain For Emerald Grove School

(By Gazette Correspondent.)
Emerald Grove.—Money raised by the Thanksgiving social given in the Emerald Grove school, amounting to \$41.30 will be used for the purchase of a drinking fountain for the school house. Frank Olson of this place won the prize at the "hard times party" given at the church recently.

COMMUNITY HALL OPEN AT ELKHORN

\$18,000 Building for the People Is Great Addition to County Seat.

(By Gazette Correspondent.)
Elkhorn, Dec. 1.—Elkhorn's Community hall, that has been in process of construction for a year past, was opened for inspection Tuesday. The building cost \$18,000 and is the result of the work of Rev. Ralph Mayo, pastor of the Baptist church. Mr. Mayo is successful in such work. He carried out a similar undertaking in Honey Creek, where his was formerly located.

The building contains a gymnasium 30x50 feet, parlors, reading room, bowling alley, baths, lockers, etc. The hall will be managed by a board of directors and will be in fact what the name implies, a "community" center where loyal organizations can hold their sessions and meetings of all sorts will find a welcome.

The hall will be dedicated next Sunday afternoon. The address will be delivered by Rolvix Harlan, D. D., of New York City, head of the social service work for the Baptist church.

Many Licenses Issued.
County Clerk Harrington reports the sale of 2,590 hunting licenses, 235 trapping licenses and 163 deer tags thus far this season. The number of hunting licenses is about the same as last year, while there has been a material falling off in the number of trapping licenses and deer tags, due, no doubt, to the closed season on mink and rats and the one-buck law.

Bazaar Clears \$1,200.

The Elkhorn Catholic church bazaar, held last week, cleared the sum of \$1,200 during the two-days' session.

\$7,000 in Dog Taxes.

Approximately \$7,000 dog-tax has been collected in Walworth county since June 1, and the amount will be considerably augmented before the end of the license year. Only one claim for damages by dogs has been paid out of the fund by the county board, so that eventually the larger part of the tax will find its way back to the taxing districts from which it is derived.

Non Resident Fishing Licenses.

More non-resident fishing licenses are issued in Walworth county than in any other county in the state. The state's revenue from this source is a large one.

School Funds Raised in Social at North Turtle

(By Gazette Correspondent.)
North Turtle.—From the box social held in school, district, No. 4 Wednesday evening there was \$35 raised for school equipment. The festival was held under the direction of Miss Helen McInyre, the teacher at the school.

Teacher at East Center Weds on Thanksgiving Day

(By Gazette Correspondent.)
East Center.—Announcements have been received here of the marriage of Miss Ivy Dolph, teacher of the Brown school, district two, to Walter Little. They were wedded on Thanksgiving day.
